Ref: RAPEP/EC/017/08/2026
August 01st, 2026

Hon. Minister,

Re: Publication of the list of registered and licensed environmental assessment practitioners for the year 2026-2027

Reference is made to the Law No 36/2016 of 08/09/2016 establishing Rwanda Association of Professional Environmental Practitioners (RAPEP) and determining its organisation and functioning;

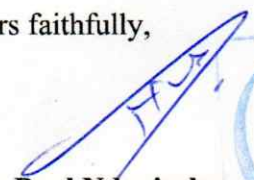

Pursuant to the provisions of article 39 of the said Law that stipulates the publication of the list of registered and licensed environmental assessment practitioners by 31st July of each year and submitting a copy to the Minister;

After a thorough assessment of this year's applications for new membership, upgrading of practicing categories and for renewal of membership and practicing licenses, by the authorised RAPEP organs, we do hereby officially publish the list of 121 Consulting Firms, 170 Lead Experts and 138 Associate Experts licensed to practice the profession for the year 2026-2027. 134 junior experts are registered for mentorship and 17 civil servants are registered in the category of ordinary members in Class B as provided for in the Internal Rules and Regulations.

Considering that environmental assessment studies of projects that are multi-disciplinary in nature require teams of experts, the following studies shall only be conducted by consulting firms: 1) Strategic Environmental Assessment, 2) Full Environmental and Social Impact Assessment, 3) Environmental and Social Management Framework, 4) Environmental and Social Management Systems, 5) Environmental and Social Audit, 6) Full Resettlement Action Plan, 7) Resettlement Policy Framework, and 8) Supervision of Projects under Construction.

The official list of the licensed environmental assessment practitioners is hereby attached and will be published in newspapers and other online platforms that are linked to RAPEP activities.

Yours faithfully,

Jean Paul Ndayisabye
RAPEP-Chairperson

CC: - Hon. Chief Executive Officer - RDB
-Director General- REMA

CONSULTING FIRMS: These are multidisciplinary teams led by licensed Environmental Lead or Associate Experts and are authorised to undertake environmental and social studies for all projects requiring a team of experts.
